

Animal Rescue Zoo Ave released 260 turtles in Guápiles

The foundation Restauración de la Naturaleza- Rescate Animal ZooAve, together with the Sistema de Áreas de Conservación de Tortuguero, made an important turtle release in the river Los Novillos in the Earth University located in Guápiles.

They are 260 slide type and black turtles, who came to our rescue center in La Garita de Alajuela, they were treated and rehabilitated for this release.

In Animal Rescue Zoo Ave enter about 30 turtles per week, who they have been victims of accidents, abuse, purchase or acts of ignorance of people who take them out of their natural habitat.
